Dear parents/guardians:

We are thrilled to be able to offer the Janos Youth Fly Fishing Camp for a second year! It is dedicated to the memory of Janos Boda, who left it to us to fulfill his dream.

Our Mission:

- Establishing a Youth Fly-Fishing Educational Camp to foster the interest, the knowledge and enthusiasm of our youth towards the sport of fly-fishing.
- Teaching new life skills to the youth and instilling an appreciation of outdoor pursuits, the local environment and conservation issues.
- Increasing self-esteem, self-confidence and providing excellent examples of personal character building, commitment and team work.
- Helping to create a future generation of well-educated and rounded fly-fishers, who will in return give back to the sport and their communities.

Dates are set from **Monday, May 21 (long weekend) to Thursday May 24, 2018**

Maximum of 16 campers (M/F, age 10-15) on a first come first serve basis.

The camp will take place at the 9 Finger Ranch with several outings to Patterson Lake, where boats will await us.

Thanks to the generous support from the Manitoba Fish and Wildlife Enhancement Fund, Manitoba Fly Fishing Association, Rossburn Municipality and other potential sponsors, the registration fee for this year's camp will be **\$100 per participants** (non-refundable unless we cancel the camp for unforeseen reasons, in which 100 % will be refunded). Accommodation, meals and all activities starting Monday afternoon to Thursday afternoon are included.

Please make a check payable to **Ketelsen Ranch Ltd** and hand it in with the registration form to secure a spot. Besides your personal items including rain gear, you will have to bring your own personal flotation device. Furthermore, hat and sunglasses are mandatory while fishing.
